Student Name	Narendula Jashwanth
Project Name	ShopEZ – Full Stack E-Commerce Platform Using MERN Stack
Maximum Marks	2 Marks

Problem – Solution Fit Template:

The Problem-Solution Fit simply means that you have found a problem with your customer and that the solution you have realized for it actually solves the customer's problem. It helps entrepreneurs, marketers and corporate innovators identify behavioral patterns and Validate Whether a proposed solution aligns with customer expectations.

Purpose:

- ☐ Solve complex problems in a way that fits the state of your customers.
- ☐ Succeed faster and increase your solution adoption by tapping into existing mediums and channels of behavior.
- ☐ Sharpen your communication and marketing strategy with the right triggers and messaging.
- ☐ Increase touch-points with your company by finding the right problem-behavior fit and building trust by solving frequent annoyances, or urgent or costly problems.
- ☐ **Understand the existing situation in order to improve it for your target group.**

Template:

Define CS, fit into CL	1. CUSTOMER SEGMENT(S) CS Online shoppers Students and general users Customers who want simple online shopping Admin / shop owner who manages products and orders	6. CUSTOMER LIMITATIONS EG. BUDGET, DEVICES CL - Limited technical knowledge - Limited time - Slow internet or device issues - Need for a simple interface - Fear of data security problems - Difficulty using complex websites	5. AVAILABLE SOLUTIONS PLUSES & MINUSES AS - Existing e-commerce websites - Offline shopping - Manual product/order management - Pluses - Products are available online - Users can compare products - Shopping can be done from home - Minuses	Explore AS, differentiate
